

Camp Stewar  
Kampala (Uganda)

October 13, 2011

Mr. Halyed Steward  
Executive Director  
SINUME YA Company  
Kampala (Uganda)

Dear Sir/Madam,

It is generally believe that the dinning-room service in the camp is very poor. As I said to you before there is use not to be enough food and the tables are always very dirty. As a result of this, I must take the decision of cancelling our contract and to change the company.

Firstly, I have received several complaints about the quantity and quality of the food. Actually, troops prefer to lunch at the cafeteria than at the dinning-room. I understand that you earn more money with the cafeteria. However, you should maintain the quality of the food in the dinning-room.

Secondly, with reference to the cleaning, it is usual to see the tables with rests of food and others kind of things. In your contract, it is clearly said that the tables must be clean at any time.

I have requested from you to solve these problems but you have preferred to hire more personal for the cafeteria instead of the dinning-room. If you have been improved the living conditions of your personal, they would have continued working for you and the dinning-room service would have been better than it is now.

In conclusion, from my point of view you have not accomplished the contract conditions, in particular, the food is pretty bad and the dinning-room is usually very dirty: then, as a result, I must cancel our agreement.

Comentario: Analiza una situación y especula, aunque esta última con errores.  
El estilo de la carta es formal y correcto. La estructura y desarrollo de los párrafos también es adecuado.

Como puede leer en las notas observo muchos errores básicos (adjetivos en plural, confusión de usual/usually, uso de preposiciones y spelling).

También he hecho algunas sugerencias para ser más preciso en el uso del vocabulario.  
Ha empleado bien la tercera condicional, pero he tenido que incluir en azul un participio para que fuera completamente correcta.
