

EXERCISE 5:

METAMORPHOSIS IN NORTH AFRICA

The sudden and unexpected uprisings, which are currently emerging in the northern African countries, are shaking and cracking their prearranged cultural foundations. The new generations are struggling to get better life expectations and break up with the geostrategic vested interests.

Comentario [s1]: Taking place

Comentario [s2]: Countries of North Africa

Comentario [s3]: Causing the existing political and cultural structures to tremble.

Comentario [s4]: Achieve a better kind of life

Comentario [s5]: With vested geostrategic interests.

By Miguel Rodriguez Sanchez

The whole world is looking forward to flipping over these odd and ancestral cultures spread all over the north part of Africa. It took a long time and many inhabitants' sacrifices, even life costs, to realize that the current regimes must be overthrown.

Comentario [s6]: overthrowing

Comentario [s7]: regimes

Comentario [s8]: which are spread

Comentario [s9]: northern

Comentario [s10]: sacrifices on the part of many people

Comentario [s11]: their own lives

The only exciting fact of these uprisings' claims could become true will change the world as we know it. This revolution implies such as many things as, all subjects are to be modified. The first one will be surely the social issue, as the population has been suffering right discriminations as well as social abuses by its leaders. Thus, social advantage is to be the most notorious consequence within the entire spectrum. The financial issue will be also affected, as the richer and healthier economies will have the chance of make business and trades with these marginal economies. Both of them will likely become more profitable, as a consequence of this opening of markets.

Comentario [s12]: It's not clear at all exactly what you want to say with this sentence.

Comentario [s13]: Idea of revolution implies many things?

Comentario [s14]: And everything will be affected.

Comentario [s15]: area

Comentario [s16]: structure

Comentario [s17]: human-rights violations

Comentario [s18]: other forms of abuse

Comentario [s19]: improvements in society

Comentario [s20]: are

Comentario [s21]: obvious

Comentario [s22]: across the board

Comentario [s23]: economy

Comentario [s24]: to do

Comentario [s25]: no s

Consequently, the *revolution* is served and granted by the modern community. New waves are coming up and it will be a great and mutual benefit. The new geostrategic scenario implies a huge amount of improves for population and a mirror in which other antiques cultures could look at whether they wish to evolve.

Some good ideas but the main problem here is how you have tried to express them- see point 12 for example. All too often in this article the word order and structure resemble something that has been translated directly from Spanish. In the exam it will be an advantage if you can try to think *in English* and this means writing in short ,clear sentences.SLP2

Comentario [s26]: has been promoted and supported by the international

Comentario [s27]: times

Comentario [s28]: not necessary

Comentario [s29]: there

Comentario [s30]: improvements

Comentario [s31]: the population
